SELF INTRODUCTION

I am a B.Tech Computer Science student specializing in Data Science, with a CGPA of 8.94. I have consistently paired academic excellence with hands-on application across multiple internships. I specialize in bridging the gap between front-end development and data analytics, using Python and SQL to engineer robust solutions and Tableau to translate complex data into clear, actionable insights. Having worked in diverse settings, I can work well in a team environment and under various projects.

TECHNICAL SKILLS

1. Languages: Python, SQL (MySQL), C, HTML, CSS, React
 2. Data Science: Pandas, NumPy, Tableau, Data Cleaning, Dashboarding
 3. Core CS: Data Structures, Algorithms, Cybersecurity Fundamentals
 4. Tools: Git, GitHub, Microsoft Office, Figma
